Note: This guide provides general instructions for setting up Android device to connect to campus Wi-Fi services. Based on varying device manufacturers and Android versions, user may encounter different configuration steps from the guide.

1. Go to “**Settings**” and select “**Wi-Fi settings**” under “**Wireless & networks**”

2. Change Wi-Fi option to “**On**” and the list of available networks is shown
3.1. Select “eduroam”
3.2. Select the following settings
   EAP Method: **PEAP**
   Phase 2 authentication: **MSCHAPv2**

4.1. Enter your **StudentID** plus @cpce.hk (i.e. **StudentID@cpce.hk**) in “Identity” field
   Enter your **portal password** in the “Password” field
4.2. Press “Connect”

5. A “Connected” status will be shown if your device is successfully joined to the Wi-Fi
